ABSENT:
Sam Ortallono, Tom Sandoval, Marti Covington, JR Velez, Susan Smedley,

STEVE EVANS REPORT
1) Update on Campus Carry — We currently have a task force. We plan on completing our campus policy by end of March to take to the board in April and for approval in May.
– We can't exclude the dual credit spaces
– Testing is automatically a safe zone since no personal items are allowed when in the space
– The arena and PAC are safe only during events

2) Poll on No-Smoking Campus — The next step is to toughen up on smoking/chewing. Employee breaks are becoming a problem.

3) Student Emergency Procedures — There will now be a Crisis Management Team that will automatically be notified upon campus emergencies with submission of an upcoming standard form for instructors. A student emergency procedure is forthcoming.

ITEMS OF ACTION/QUESTIONS
1) Steve Evans to call DOT in regards to traffic situation over at McNair
2) When we order signs; they should read "Concealed Campus Carry"
Student Emergency Procedure is still needed
