

Embedding Films on Demand films within Blackboard

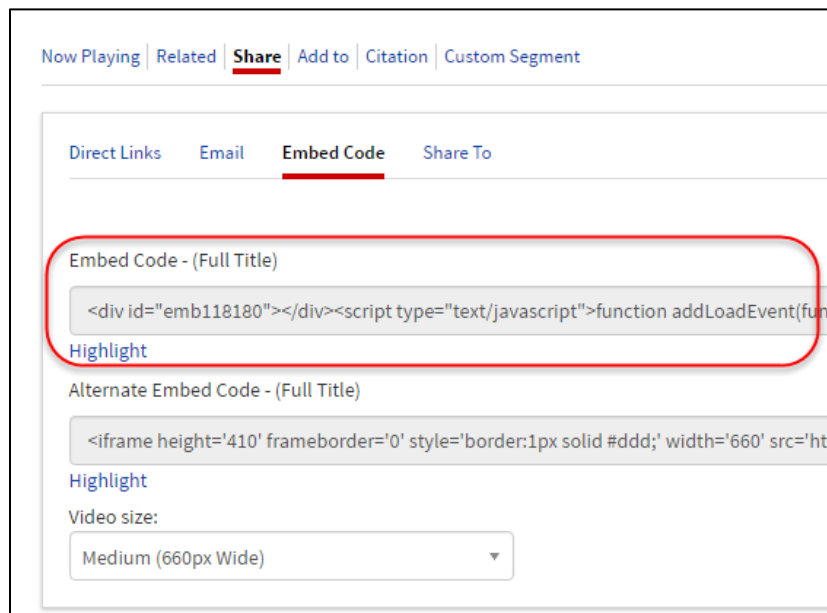

1. For link/coding to work correctly, you need to be authenticated as belonging to Lee, so start at the library's website.
2. Find the Films on Demand film you want to embed.
3. Click on **Share**.

4. Click on **Embed Code**.

5. The first code listed is the one you'll want.

6. Click **Highlight** underneath the first box.

Direct Links Email **Embed Code** Share To

Embed Code - (Full Title)

```
<div id="emb118180"></div><script type="text/javascript">function addLoadEvent(func) [var oldon]
```

Highlight

Alternate Embed Code - (Full Title)

```
<iframe height='410' frameborder='0' style='border:1px solid #ddd;' width='660' src='https://leonard
```

Highlight

Video size:

Medium (660px Wide)

- Copy the highlighted code (CTRL + C works well)
- In a new tab, go to your course in Blackboard, navigate to the place you want to put the video. Create an item.

Build Content ▾

Create

- Item
- File
- SoftChalk ScoreCenter

- Enter the title of the film.

CONTENT INFORMATION

Name

Color of Name Black

- In the Text box, click the HTML button.

Text

Paragraph Arial 3 (12pt)

HTML CSS

- Paste the code you copied in the HTML box. (CTRL + P works well)

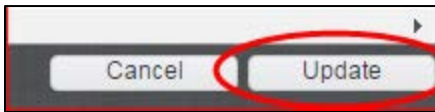

HTML code view - Google Chrome

https://elearn.lee.edu/webapps/vtbe-tinymce/tiny_mce/themes/advanced/source_edito

HTML code view

```
<div id="emb118180"></div><script type="text/javascript">function addLoadEvent(
= window.onload;if (typeof window.onload != 'function') {window.onload = func)
= function() {if (oldonload) {oldonload()}func()}}</script><script
type="text/javascript">addLoadEvent(function T118180()
{document.getElementById("emb118180").innerHTML = "<iframe height='410' framebo
style='border:1px solid #ddd;' width='660' src='https://fod.infobase.com/OnDema
token=118180&wID=102681&plt=FOD&loid=0&w=640&h=360&ref=" + window.location.href
allowfullscreen>&nbsp;</iframe>";});</script>
```

12. Click **Update**.

13. Click **Submit** after choosing any options you want for your course.

14. The embedded film is displayed at the next screen.
