Foreign Language	Ted Olsen	281-425-6433			

Course Combinations to Enhance Your Learning Experience

Linked Classes

COSS 300.M01 & ENGL 1301.M11

In the study skills class the students will receive specific strategies for passing the English Composition class.

READ 302.M02 & SOC 1301.M07

READ 302.M03 & PSY 2301.M11

READ 302.M04 & BIOL 1406.M17

READ 302.M08 & GOVT 2302.M07

All of these reading classes will use the content area textbook it is linked to for instruction and skill development in reading. The reading student will have a unique opportunity to acquire transferable credit from the content course while improving their reading skills in the reading class.

Fast Paced Classes

All **MATH 310** classes are being offered fast paced so students in this level can complete this class the first eight weeks of the semester and then complete **MATH 315** the second eight weeks of the semester, two math levels in one semester. See page 63 for the specific listing.

Two **COSS** classes are offered in the first eight weeks of the semester when the students most need the information. See page 50 for the specific listing.

Faculty Advising Sessions

Learn more about your degree and register for classes. Each session will have a faculty member available to discuss the major and a counselor to help you with your schedule and registering. Bring your advising worksheet and be prepared to be advised!

Discipline	Faculty	Date	Time	Location
Honors Program	John Britt jbritt@lee.edu	April 9	2:00 p.m.	Honors Suite - Social Science Room 115
		April 10	2:00 p.m.	
Learn more about the Honors Program and what classes are available. Find out what classes offer honors credit by contract.				
CADD (Drafting), Construction Construction Engineering Technology Mechanical Engineering Technology	DeDe Griffith dgriffit@lee.edu	April 16	2:00 p.m.	ATC Lab 216
	Dana Caudle-Byal dcaudle@lee.edu	April 17	6:00 p.m.	
	Tanya Gilbert tgilbert@lee.edu			
This session will explore paths in engineering technology. Instructors will explain the accelerated track program, explain individual courses and provide assistance in creating class schedule for the summer and fall semesters related to their field.				
Social Sciences	Steve Showalter sshowalt@lee.edu	April 23	6:00 p.m.	Student Success Center
		April 24	2:00 p.m.	
Find out more on what it means to major in psychology, sociology, social work, history, government and other areas within the social science fields.				
Athletics/Wellness	Graeme Cox gcox@lee.edu	April 23	2:00 p.m.	Student Success Center
	Karen Guthmiller kguthmil@lee.edu	April 24	6:00 p.m.	
Shape up and find out more about kinesiology and taking physical education classes!				
Speech/Education	Teresa Landers tlanders@lee.edu	May 1	2:00 p.m.	Student Success Center
	Ray Whitlow rwhitlow@lee.edu	May 1	6:00 p.m.	
This session will have faculty for those interested in speech communications or education. Find out about the requirements and classes available for the summer or fall session.				
Developmental Education/Study Skills	Joyce Jacobs jjacobs@lee.edu	May 7	2:00 p.m.	Student Success Center
		May 8	6:00 p.m.	
This session is for students needing developmental coursework in reading, writing, and math as well as students wanting more information about the study skills program.				
Business/ Business Technology	Gregg Lattier glattier@lee.edu	June 4	2:00 p.m.	Student Success Center
		June 5	6:00 p.m.	
Whether you want a certificate to get a job fast or if you want to take the courses needed to transfer to the university for a business degree, this session will provide valuable information.				
Allied Health Careers	Judy Etzel jetzel@lee.edu	June 11	2:00 p.m.	Student Success Center
		June 12	6:00 p.m.	
Find out more about the requirements to be accepted into the competitive nursing programs. Other majors in this area are chemical abuse counseling and health information technology.				
Undecided or "I just want the basics for now"	JoAnn Szabo jszabo@lee.edu	June 18	2:00 p.m.	Student Success Center
		June 19	6:00 p.m.	
This session will discuss how "basics" apply in various careers and degree tracks, discuss questions that students should ask about career choices, and point students to resources that can help them make good choices.
