

# Severe Weather

The Department of Public Safety will make notifications to the campus community in the event that severe weather is approaching Lee College.

1. In second story buildings, vacate the top floor and move to a lower floor. Position yourself in an area away from glass.
2. Any occupant who encounters any students or visitors should direct them to take appropriate actions.
3. Assist any special needs persons if possible.
4. Try to obtain additional information by following the Web page, radio, email and text.

If outdoors:

1. If flooding does occur, do not attempt to wade through or travel through flood waters.
2. Lie flat in the nearest depression such as a ditch, curb, or ravine if a tornado warning is issued and shelter is not accessible.
3. Report any injury/damage to security.
