Management
Associate in Applied Science

Time Commitment
For the Management degree, students will attend class on Friday evenings from 6pm to 9pm and Saturday from 8am to 4pm (with a lunch break). Most classes are 2 to 4 hours long. This degree plan is made up for 5 semesters or twenty months of study. You start in January of the Spring semester. Take classes in the Summer semester, Fall semester, and Spring semester again. After finishing the second Summer semester classes, you will have your Associates degree. In addition, you’ll concurrently earn 4 Certificates of Completion for no extra cost.

Cost
Management degree is 60 credits in total. The cost for an in-district student for the entire degree from start to finish is approximately $5,000. Lee College has several avenues to assist students with tuition, books and fees. With the support of the College Completion Coach, you can apply for federal financial aid, grants and scholarships.

Career Future
An Associates Degree in Management provides you hands-on and practical skills in office management, accounting and supervision that you could implement immediately at your place of employment. Having an Associates degree will prepare students for positions like Manager, Supervisor, Small Business Owner, Shift Supervisor and many more. Salaries for these occupations range from entry level of $30,000/year to a high of over $100,000/year. An Associates degree from Lee is not merely a stepping-stone, it launches you into a fulfilling career that will serve you for a lifetime.
