Force is a quarterly magazine created and distributed by the Center for Workforce and Community Development at Lee College. The publication consists of course offerings, testimonials, and personal and professional development opportunities designed to enrich lives. Dedicated to fulfilling the non-credit, continuing educational needs of our community, and working toward serving the diverse population of nontraditional students, the CWCD is a strong force in community development.

About Us
Lee College’s Center for Workforce and Community Development (CWCD) offers a variety of non-credit programs, courses and classes for individuals who are on a journey to professional and business success or who want to enhance the quality of their personal lives by: learning new skills, acquiring knowledge that’s useful in the workforce or their daily lives, increasing their physical fitness level, developing a new hobby or just having fun.

Mission Statement
The CWCD is dedicated to providing high quality, non-credit training opportunities and services designed to enrich lives.

Philosophy
We believe in students as our clients, employers as our most important resource, and quality education as our most important product.

Why Us?
• Quality education
• Instructors with real-world experience
• Affordable and convenient
• Caring and supportive staff who will guide you every step of the way
• Lifelong learning opportunities for individuals of all ages to develop personally or professionally
• Career-ready in relatively short period time
Student Success

Jonathan Franklin, 34, was surprised to receive a call from the Center for Workforce and Community Development asking him to share his success story with the community. “Stuff like this doesn’t happen to me,” he said.

Born in Baytown, TX, Franklin recalls a challenging childhood and growing up in a broken home. His mother was a stay-at-home mom and his step-father worked in the plants. Raised alongside two of his four siblings, Franklin remembers, “Life was tough. I always got what I needed, but we were poor.”

Franklin attended Lee High School and Liberty High School, and graduated in 2003. After graduation, he struggled to maintain a job. “I was getting into trouble. I worked on-and-off. I was into some things I shouldn’t have been into.” Franklin confessed that despite the challenges he faced while growing up, he felt lucky the day he met one of the Center’s Recruiters at Workforce Solutions while applying for a grant to continue his education. “I dabbled in the electrical and carpentry trades, but I could never keep a steady job. I jumped on the chance to enroll in the program.”

Franklin selected the 12-week fast-track Electrical Program in hopes to expand on his eight years of industrial craft experience. As the first member of his family in the field, he was excited for the opportunity to learn more and use his qualifications to start a career. “I loved all of it,” Franklin said about the Electrical Program, “I had a blast going to this electrical training course. I loved the teacher. He was a good man and helped me a lot. Anybody can read the books, but reading the books and having an experienced electrician teaching us what we really needed to know are two different things. Ever since I got into this program, great things have happened and I’m going to come back every chance I get.”

Franklin started the Electrical Program and simultaneously worked as a Helper at Meitec. He graduated from the Program in November of 2016. Franklin’s previous experience in the field, along with the training he received through the Center, gave him the skills to pass a test to become a Journeyman. A few weeks later, he received a job offer as a Foreman. “I’ve been with a few companies since then as construction comes and goes, but I’m currently working at Jacobs and hopeful for another Foreman position with my name on it.”

Franklin attributes his success to the single chance he received through this Program. “It was tough growing up. I never had a lot of things that I wanted, but I was given a chance to get a good job and be who I wanted to be.” Describing his life now, Franklin says, “My life has blossomed. Everything in my life has gotten better. I have a better relationship with my daughter and her mother because I have a steady income and my feet on the ground.” Franklin is a proud supporter of the Industrial Crafts Training Program at Lee College and encourages others to enroll. “It’s a good program. It works. If you let it help you, it will.”

Learn more about the Industrial Craft Training Program on page 4 or visit www.lee.edu/workforce.
Industrial Craft Training

Register online at www.lee.edu/workforce, visit 909 Decker Drive, Baytown, or call 281.425.6311

Instrumentation NCCER Level 2, 3
NCCER curriculum based certificate which includes CORE, Instrumentation Level 2 and Instrumentation Level 3. Successfully completed modules will be submitted for upload into the NCCER National Database. Cost: $2,296
Mar. 19 – May 30 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
Baytown, Location TBA
Course ID: 193INTCERT1

Electrical NCCER Level 1, 2
NCCER curriculum based certificate which includes CORE, Electrical Level 1 and Level 2. Successfully completed modules will be submitted for upload into the NCCER National Database. Cost: $2,296
Mar. 19 – Jun. 3 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
Liberty, Lee College Education Center – South Liberty, Room TBA
Course ID: 193ELCERT1

SENSE Level 1 SMAW Welder Program
Condensed, fast-track training where students gain experience and develop technical skills to become a welder in numerous industries. Skills attained can be used to become a proficient welder in many industries. This AWS SENSE Level 1 welding certificate program includes Safety, Principles of Welding I-IV, Thermal Cutting, Gases Metal Arc Welding (GMAW), and Shielded Metal Arc Welding (SMAW). Students who successfully complete all modules and exams will receive an AWS SENSE certificate. Cost: $2,156
Mar. 19 – May 28 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
McNair, Lee College McNair Center, Room TBA
Course ID: 193WLCERT1

Pipefitting NCCER Level 1, 2
NCCER curriculum based certificate which includes CORE, Pipefitter Level 1, and Pipefitter Level 2. Successfully completed modules will be submitted for upload into the NCCER National Database. Cost: $2,191
Mar. 19 – May 28 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
McNair, Lee College McNair Center, Room 122
Course ID: 193PFCERT1

NCCER Electrical Level 3
Course is designed to prepare students for employment as an entry-level electrical helper with area contractors. Concepts taught includes load calculations – branch and feeder circuits, conductor selection and calculations, practical applications of lighting, hazardous locations, overcurrent protection, distribution equipment, transformers, commercial electrical services, motor calculations, voice, data, and video, and motor controls. NCCER module credit will be uploaded onto the student’s transcript within the Automated National Registry. Cost: $1,465
Mar. 25 – Apr. 17 · Mon. – Thurs. · 7:30 a.m. – 3:30 PM
Liberty, Lee College Education Center – South Liberty, Room TBA
Course ID: 193ELPT14451

NCCER Fundamentals of Crew Leadership
A comprehensive, competency-based program that gives both veteran and new field employees a step-by-step approach to honing their natural abilities, developing essential skills, and generally improving their performance as leaders. Concepts and skills of leadership in the work setting. This course introduces leadership, motivational theories, leadership styles, and evaluation of leadership performance. Successfully completed modules will be submitted for upload into the NCCER National Database. Cost: $396
Mar. 26 – Apr. 18 · Tues., & Thurs. · 6 p.m. – 9 p.m.
McNair, Lee College McNair Center, Room TBA
Course ID: 193BMGT10201

NCCER Electrical Level 1
Introduce student to construction principles including orientation to the electrical trade, electrical safety, introduction to electrical circuits, electrical theory, introduction to the national electrical code, device boxes, hand bending, raceways and fittings, conductors and cables, basic electrical construction drawings, residential electrical services, and electrical test equipment. Course is designed to prepare students for employment as electrical helper with area contractors. NCCER module credit will be uploaded onto the student’s transcript within the Automated National Registry. Cost: $1,015
Apr. 3 – 18 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
Liberty, Lee College Education Center – South Liberty, Room TBA
Course ID: 193ELPT10001

Process Technology Refresher
This course is designed for individuals who have already received a Certificate or Associates Degree in Process Technology from a community college. This course will refresh the skills required to be a process operations technician through simulation and hands-on activities, including topics such as: basic math, basic chemistry and physics, electrical delivery systems, process control, separation systems, industrial plant processes, crude distillation, and more. Cost: $875
Apr. 8 – Jun. 3 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
Liberty, Lee College Education Center – South Liberty, Room TBA
Course ID: 193PTAC20201

NCCER Project Management
A comprehensive, competency-based program that gives both veteran and new field managers a step-by-step approach to honing their natural abilities, developing essential skills, and generally improving their performance as leaders. Course covers topics such as introduction to project management, safety concepts, interpersonal skills, issues and resolutions, construction documents, construction planning, estimating and cost control, scheduling, resource control, quality control and assurance, and continuous improvement. Successfully completed modules will be submitted for upload into the NCCER National Database. Prerequisite: 3 to 5 years of Journeyman craft experience; completed courses in NCCER Project Supervision and NCCER Crew Leadership. Cost: $739
Apr. 8 – Jul. 8 · Mon. & Wed. · 6 p.m. – 10 p.m. · Baytown, Location TBA
Course ID: 193CNBT20461
Pipefitting NCCER Level 3
Identification, description, and application of piping standards and specifications. Inludes identification and use of various metallic and non-metallic piping materials, identification and installation of valves, and materials take offs. Course is designed to prepare students for employment as an entry level pipefitting helper with area contractors. NCCER module credit will be uploaded onto the student's transcript within the Automated National Registry.
Cost: $1,061
Apr. 9 – Jul. 30 · Tues. & Thurs. · 6 p.m. – 10 p.m.
McNair, Lee College McNair Center, Room TBA
Course ID: 193PFPB20081

NCCER Electrical Level 2
Course is designed to prepare students for employment as an entry-level electrical helper with area contractors. Concepts taught include: includes: alternating current, motors: theory and application, electric lighting, conduit bending, pull and junction boxes, conductor installations, cable tray, conductor terminations and splices, grounding and bonding, circuit breakers and fuses, control systems and fundamental concepts. NCCER module credit will be uploaded onto the student's transcript within the Automated National Registry. Cost: $1,465
Apr. 24 – May 20 · Mon. – Thurs. · 7:30 a.m. – 3:30 p.m.
Liberty, Lee College Education Center – South Liberty, Room TBA
Course ID: 193ELPT10572

FCTP Fieldbus Professional
Geared towards engineers, designers, main instrumentation controls contractors, and startup and commissioning specialists wanting to increase their knowledge base of design, planning, and implementation of FOUNDATION™ systems. Cost: $6,946
May 20 – Jun. 3 · Mon. – Thurs. · 8 a.m. – 4:30 p.m.
Baytown, Lee College TV-2, Room 108
Course ID: 193INTC20501

ARC Flash
Two-day ARC Flash Electrical Safety course is designed to keep workers safe while working on or around electrically energized equipment. The course is structured to help companies fulfill requirements set forth in NFPA 70E® “Standard for Electrical Safety in the Workplace,” which requires this type of instructor-led training for anyone working with electrically energized equipment. NCCER module credit will be uploaded onto the student's transcript within the Automated National Registry. Cost: $284
May 21 – 30 · Tues. & Thurs. · 6 p.m. – 10 p.m.
McNair, Lee College McNair Center, Room TBA
Course ID: 193OSHT10911

Customized Corporate Training
With a storehouse of subject-matter experts (SMEs), instructors, and facilities, the Center for Workforce and Community Development provides custom-tailored training packages to meet the specific needs of local businesses. The CWCD will begin with a needs assessment to identify skills gaps and understand your business’s training goals and then develop a plan to meet those needs.

Customized training services are available at your site or ours, and include:

- Curriculum development
- Pre-employment assessments
- Skills gaps assessment
- Professional development
- New hire and incumbent training
- And much more!

Looking for specialized employee training? Contact Marsha Tuha, Director of Workforce Development at 832.556.4450, or by email at mtuha@lee.edu.
YOU DON’T NEED TO GO FAR TO GET FAR

Train to get your certificate as a Phlebotomy Technician in as little as 16 weeks at the Lee College McNair Center in Baytown.

www.lee.edu/healthcare

Start Here. Finish Strong.
Certified Nurse Aide
A Certified Nursing Aide assists patients or clients with healthcare needs under the supervision of a Registered Nurse (RN) or a Licensed Practical Nurse (LPN). This program follows the standards and curriculum provided by the Texas Department of Aging and Disability Services and prepares a student for the TDADS Nurse Aide State Licensure Exam.
Cost: $805
Mar. 4 – Apr. 24 · Mon. – Thurs. · 1 p.m. – 5 p.m.
Baytown, Lee College McNulty Haddick Complex, Room E03
Course ID: 193CNABTN

Phlebotomy Technician
This certificate program will prepare you for entry-level positions as a Phlebotomy Technician. You will complete coursework in the classroom and in an area laboratory. Upon successful completion of the program, you will be eligible to take the national certification examination in Phlebotomy.
Cost: $1,054
Mar. 5 – Jul. 2 · Tues. & Thurs. · 9 a.m. – 12:30 p.m.
McNair, Lee College McNair Center, Room 121 · Course ID: 193PLABBTN
Mar. 5 – Jul. 2 · Tues. & Thurs. · 6 p.m. – 9:30 p.m.
McNair, Lee College McNair Center, Room 123 · Course ID: 193PLABBTN2

Become an Optical Assistant
Learn what it takes to become an optical assistant and discover why it's one of today's most popular and fascinating career opportunities.
Cost: $119
Mar. 13 – May 3 · Online
Course ID: 193PLL20081

Become a Veterinary Assistant
Do you love animals? Have you ever thought about a career as a veterinary assistant? This course, taught by a practicing veterinarian and college instructor, will give you the information you need to prepare for work in veterinary hospitals.
Cost: $119
Mar. 13 – May 3 · Online
Course ID: 193PDD10801

Explore a Career as an Administrative Medical Assistant
Learn what it takes to have a successful career as an administrative medical assistant in the exciting and high-demand world of healthcare. In this course, you'll master the basics of scheduling patients' appointments, surgeries, and hospital admissions. You'll also find out how to verify patients' insurance, create encounter forms (charge tickets), post charges, obtain pre-authorizations from insurers, and schedule return visits.
Cost: $109
Mar. 13 – May 3 · Online
Course ID: 193PLL10021

Medical Coding
In this course, you'll learn how to use the CPT manual and the ICD-9-CM to find medical codes for any disease, condition, treatment, or surgical procedure. This knowledge will help prepare you to work almost anywhere in the medical field.
Cost: $119
Mar. 13 – May 3 · Online
Course ID: 193PDD20501

Nutrition and Health Bundle
For students interested in advancing within their healthcare professional career or newly pursuing the field of nutrition and healthy lifestyle coaching.
Cost: $169
Mar. 13 – May 3 · Online
Course ID: 193PLL70231
Fiber Optics Network Certification
Register online at www.lee.edu/workforce/fiberoptics • In partnership with BDI Datalink

Students are encouraged to register for all courses being offered at the individual locations with the understanding that the CFOT is the prerequisite for all other courses and it must be successfully completed first prior to attending any of the other "specialist" courses.

Certified Fiber Optics Technician Training
This introductory three-day fiber optics course is designed for anyone interested in learning basic fiber optic networking. This program combines theory and 75% hands-on activities to prepare the student to take the CFOT (Certified Fiber Optics Technician) test that is sanctioned by the FOA (Fiber Optics Association) and given and graded the final class day. This course also introduces the student to industry standards governing FTTD (Fiber To The Desk), FTTH (Fiber To The Home), LAN/WAN fiber networks, and further introduces the student to basic fusion and mechanical splicing. Students will learn how to identify fiber types, recognize various connectors used in fiber installation; and install, terminate, splice, and properly test installed fiber cable to existing standards. This program explores the history and future of fiber optics and fiber optics capabilities, and cost of installation. Standards covered: NEC/FOA-301-2004, EIA/TIA 568-B.3, ANSI/TIA/EIA 607-A, and NEC Article 770-50, anyone interested in becoming a Certified Fiber Optics Technician should attend this class. Cost: $700

Mon., Apr. 15 – Tues., Apr. 16 • 8 a.m. – 5 p.m.
Baytown, Lee College ATC, Room 220
Course ID: 193LOTT10912

Certified Fiber Optic Splicing Specialist Training
This two-day (16-hour) Splicing Specialist training includes a complete PowerPoint presentation explaining the importance of high performance splicing and further details the points necessary to achieve these splices. An overview of OTDR functions and trace understanding is also provided during this presentation. This course provides 85% hands-on training, classroom activities, training in both fusion and mechanical splicing, and either single or multimode fiber optic cables. Inside or outside plant fiber optic cable types will be utilized at instructor’s discretion during these hands-on sessions along with fiber optics enclosures and splice trays. The student will be responsible for successfully making and testing both mechanical and fusion splices. In addition to the basic splicing activities outlined above, the student will further be required to correctly and efficiently install spliced fibers into splice trays and enclosures. The student will further be required to achieve a splice loss of less than 0.15 dB for all splices and demonstrate proficiency in interpretation of splice loss using OTDR splice traces. This course may be taken immediately after successfully completing the FOA CFOT course. NOTE: Actual number of hours may vary depending on number of students. Prerequisite: FOA CFOT Course as of Jan. 1, 2015, the student MUST have successfully passed the basic CFOT course within the preceding 12 months or have renewed their FOA membership within that time frame prior to attending the CFOS/T, CFOS/S, and/or the CFOS/O FOA Specialist courses offered by BDI Datalynk. There are no exceptions. Cost includes course materials provided by instructor for all classes. (Lunch on your own). Cost: $675

Wed., Apr. 17 – Thurs., Apr. 18 • 8 a.m. – 5 p.m.
Baytown, Lee College ATC, Room 220
Course ID: 193LOTT10913

Certified Fiber Optic Specialist/Testing and Maintenance
This two-day (16-hour) program is designed to offer advanced training to anyone involved with the testing and maintenance of fiber optics networks. A focal point in the program is to offer a general, easy to understand, approach to fiber optics testing standards with little theory and considerable hands on activities. This comprehensive program explains the variety of testing standards, equipment, and technological approaches used in fiber network testing and splicing and how to choose among them. Cost: $675

Fri., Apr. 12 – Sun., Apr. 14 • 8 a.m. – 5 p.m.
Baytown, Lee College ATC, Room 220
Course ID: 193LOTT10911
GRADcafé offers FREE services to help you decide on a career path, apply to college, and find the financial aid you need. Whether you want to attend college to get a degree, or work on a certificate in a professional trade, we are here to guide you through every step of the way. You’re never too young or old to get started!

All services are free of charge and are available in Spanish. The services are provided via group forums (workshops, tours, presentations, etc.) and one-on-one, walk-in basis and include:

- Career Exploration & Planning
- College Application Assistance
- College & Career Workshops
- College Exploration & Workshops
- Essay Writing Assistance
- FAFSA/TASFA Assistance
- One-on-One Advising
- Resume Building
- SAT & ACT Preparation
- Short & Long-term Goal Setting
- FREE Wi-Fi & Coffee

HOURS
Tues. - Thurs.: 11 a.m. - 7 p.m., Fri.: 11 a.m. - 5 p.m., Sat.: 10 a.m. - 5 p.m.
As we celebrate the 30th Anniversary of the Lee College Senior Adult and Travel Program, we are honored to have served thousands of Senior Adults in the Baytown and surrounding communities.

The Program initially began in the late 1970s offering social events, instructional classes, and workshops. Many students took advantage of the numerous educational opportunities to expand their knowledge and gain new perspectives on important topics such as healthcare, safety, driving, and other late-life issues.

However, 1989 marked the beginning of international travel, which created the vibrant Program we enjoy today. Our adventures have taken us to different regions of the United States, Canada, Mexico, Europe, and the Far East over the past 30 years. We have traveled the world, made new friends, witnessed some breathtaking sights, and created many beautiful memories.

We are grateful to the students who have made this Program successful and look forward to continuing our commitment to serving our great community.

Sincerely,

Lynne Foley

Lynne Foley, Program Manager
Bus Trips & Tours

All bus trips depart from the 909 Decker Drive parking lot, unless noted. Departure times vary by trip. Please arrive 20 minutes prior to departure time.

Register online at www.lee.edu/senior or call 281.425.6311.

History In Our Own Backyard
Meet at the Baytown Historical Museum for a tour and refreshments. We will visit the Baytown Art League and take photos in Umbrella Alley! Lunch will be at Roosters (included). More strolling down Texas Avenue at the new shops with a stop at Sabor de Mexico for a special treat! Cost: $20

Tues., Mar. 19 · 10 a.m. – 2:30 p.m. · Baytown Historical Museum · Course ID: 193SCA10111

George Bush Library and Bluebonnets
The bus will depart for College Station at 8 a.m. We will tour the George H. W. Bush Presidential Library and then visit the final resting place of “41 and his Barbara.” Lunch will follow (at your expense) and then bluebonnet sightings on the drive to Baytown. Cost: $30

Fri., Mar. 22 · 8 a.m. – 5 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA70001

Astros Ballgame
Join us for a night of fun as the 2017 World Series Champion Astros take on the Minnesota Twins! The bus will depart the parking lot at 4:30 p.m. for pre-game festivities. Cost: $25

Mon., Apr. 22 · 4:30 p.m. – 11 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA30121

Amtrak Train to Beaumont
Hop on the bus and head into downtown Houston to board the Amtrak train for a journey to Beaumont, Texas. While onboard, we will enjoy the passing scenery and play a few train games. Our bus will wait at the station to transport us around town including some surprise stops. Lunch (at your expense) at an area diner. Cost: $37

Tues., Apr. 30 · 7:30 a.m. – 5:30 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA70011

Great Day Houston & Federal Reserve Bank Tour
Join us as we attend the live KHOU TV Debra Duncan Show. We will follow the show with a tour of the Federal Reserve Bank and lunch (at your expense) in the Montrose area. Cost: $17

Tues., May 7 · 7 a.m. – 3 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA30461

Buffalo Bayou Underground Cistern Tour
We will tour Houston TranStar’s Management Center. Learn how Houston TranStar’s control room monitors and manages traffic 24 hours a day, seven days a week, and 365 days a year! Also find out how TranStar helps prepare residents in the region for natural or man-made disasters. The Cistern at Buffalo Bayou Park is a former drinking water reservoir built in 1926 for the City of Houston. As one of the city’s early underground reservoirs, it supported the municipal water system’s goals of fire suppression and drinking water storage. Lunch at your expense. Cost: $17

Thurs., May 9 · 9 a.m. – 4 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA10321

Galveston Tour
Enjoy an extraordinary tour at the Galveston Sea Turtle Facility. Since 1978, the National Marine Fisheries Service (NMFS) has participated in an international sea turtle recovery program and acquires 200 loggerhead hatchlings from Florida each year. This facility is the only one of its size and class in the world. After the tour, enjoy the many shops and lunch (at your expense) on the Strand. Cost: $21

Thurs., May 30 · 8 a.m. – 5 p.m. · Baytown, 909 Decker Dr., Parking Lot · Course ID: 193SCA70021

Travel the World in 2019

Treasures of Egypt
Highlights: Giza, Pyramids, Sphinx, Memphis, Sakkara, Museum of Egyptian Antiquities, Luxor, Valley of the Kings, Deluxe 4-Night Nile River Cruise, Temple of Karnak, Kom Ombo, Aswan, and Old Cairo. Cost: $4,799 Double Occupancy

April 3 – 15, 2019
Course ID: 193SCA60981

Southern Charm featuring Charleston, Savannah & Jekyll Island

May 18 – 24, 2019 · Course ID: 193SCA60951

Low-Cost Social Events

Red Hat "May Day" Luncheon
Join us today as we honor the charter members of the Lee College Red Hat Society! There will be a delicious lunch, a style show, some surprises, and door prizes! Cost: $8

Wed., May 1 · 10 a.m. – 2 p.m.
Baytown, 909 Decker Dr., Phyllis Davis Room
Course ID: 193SCA70031

Quilt Show
Baytown Area Quilt Guild Presents the Votes for Women Quit Show, Celebrating the 19th Amendment. Come enjoy vendors, donation quit drawing, quilt exhibits, raffle baskets, a silent auction, and scissor sharpening. Special Guest Texas Historian: Kay Reed Arnold (Lectures at 11 a.m. and 2 p.m. daily). For more information, visit www.baytownareaquiltguild.com.

Cost: $8 at the door

Fri., May 3, 9 a.m. – 5 p.m.
Sat., May 4, 9 a.m. – 4 p.m.
Baytown, Lee College Sports Arena
Community Education

Computer Technology

Register at www.lee.edu/workforce/ce or www.ed2go.com/leecollege for online courses

Computer, Networking, & Web Basics

Computer Fundamentals
This course is designed for students who want to learn basic computer skills for today’s workplace. Students will learn how to use computers, Windows, and the internet. You will also receive an overview of word processing using Microsoft Word.
Cost: $91
Apr. 24 – May 15 · Wednesdays · 5:30 p.m. – 7:30 p.m.
Liberty, Lee College Education Center – South Liberty, Room 128
Course ID: 193CSC10571

PC Troubleshooting
Don’t spend your hard-earned cash on expensive PC repairs! The vast majority of the problems people experience with their computers are completely avoidable, and most can be solved with nothing more than a few minutes of your time. Intro to PC Troubleshooting takes you step by step through the typical hardware and operating system problems encountered by technicians, teaching troubleshooting techniques to decipher any problem, and giving you the skills you need to solve them. Once you’ve mastered the basics, the course launches into some of the more advanced and nasty problems that crop up in the PC, teaching you how to diagnose and fix those problems.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD70401

Microsoft Office 2016 Value Suite
Learn to use the basic features of Microsoft Word 2016, Microsoft Excel 2016, and Microsoft PowerPoint 2016, three of the most fundamental software programs used in educational and professional settings.
Cost: $285
Mar. 13 – May 3 · Online · Course ID: 193PDD20791

Introduction to Networking
Introduction to Networking explains computer networking basics in terms that you can easily understand, using concepts common to everyday, non-computing experience. A brief introduction to networking history provides context, explaining how networks have become so important to businesses and individuals. The course emphasizes networking fundamentals, explaining the software and hardware that makes networking possible. The course stresses understanding how and why networks work, rather than focusing on memorization of terms or numbers.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD70371

Keyboarding
If you want to learn touch-typing or improve your existing typing skills, this is the perfect course for you! In these lessons, you’ll use the Keyboarding Pro 5 program, a typing tutorial designed for personal computers, to learn how to touch-type—that is, to type text you read from a printed page or a computer screen without looking at your keyboard.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD60721

Creating WordPress Websites
Learn how to create attractive, sophisticated blogs and websites—without any coding! WordPress is the world’s most popular website publisher, powering more than 25% of all sites on the Internet. WordPress is an easy-to-use solution that will help you put your site on the web in far less time than by coding, and at a much lower cost than hiring a professional.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD70391

Introduction to Microsoft Word 2016
One of the most basic skills needed in any job is writing reports and letters using Microsoft Word 2016 (now available through Office 365). In this course, you’ll gain the foundational skills you need to make the most of this powerful program.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD70381

Introduction to Microsoft PowerPoint 2016
Take your PowerPoint presentations from ordinary to extraordinary! In these lessons, you’ll learn how to use Microsoft PowerPoint 2016 (now available through Office 365) to create professional-quality slide presentations that grab and hold your audience’s attention from start to finish.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD70391

Introduction to Microsoft Excel 2016
Become proficient in using Microsoft Excel 2016 (now available through Office 365) and discover how to create worksheets, workbooks, charts, and graphs quickly and efficiently.
Cost: $119
Mar. 13 – May 3 · Online · Course ID: 193PDD20801
Excel Courses

Basic Microsoft Excel 2013
Learn the skills needed to create, edit, format, generate reports and print basic worksheets. Along the way, students will learn how to insert columns and rows, add comments to cells, polish the worksheet and add, delete, and rearrange worksheets within a workbook. Students must be able to type and possess familiarity with Windows for desktop. Cost: $99

Celebrate SBDC Day!

America’s SBDC Day is a national, collective proclamation of the success and impact Small Business Development Centers (SBDC’s) have across the nation in economic development and the small business community. The third annual SBDC Day will take place on Wednesday, March 20, 2019.

SBDC Day will unite the nearly 1,000 SBDC centers across the country and the thousands of clients they service by sharing in real time, the success stories and notable impacts SBDC’s collectively have on the small business community at large. This special day will be celebrated with social media campaigns, public relations initiatives, online and in-person events and more.

In 2018, the Lee College Small Business Development Center achieved goals set by the Texas Gulf Coast Regional SBDC in advising approximately 200 entrepreneurs, which accounted for 11 business startups, 86 jobs created and over $3.6 million in capital investments. The Lee College SBDC also offered a number of business training courses and workshops.

For more information on SBDC Day or services provided by the Lee College SBDC provides, please contact Steve McCorquodale at 281.425.6309.

The Lee College SBDC is a service provider of the University of Houston Texas Gulf Coast SBDC Network, a business advising and training program serving 32 counties in Southeast Texas. The UH Texas Gulf Coast SBDC Network is a program of the UH Bauer College of Business and a resource partner of the U.S. Small Business Administration (SBA). The SBDC is funded in part through a cooperative agreement with the U.S. Small Business Administration.

Surviving Violent Encounters
This course helps individuals develop a clear understanding of the five basic indicators that may lead to violent encounters, and what one needs to do in order to survive an encounter. Many people believe that violent encounters only happen to others. The simple truth is that is all of us should have a plan for encountering random violence. Certain factors, processes, and interactions place certain people at an increased risk for violent encounters. Besides the General Public, Healthcare, Human Resource, Social Services, Hotel Industry, Retail, Teachers, Public Safety, and Correctional Officer employees all have a higher risk of being attacked.

Thur., Apr. 25 • 8 a.m. – 12 p.m. • Baytown, Lee College ATC, Room 227
