President’s Extended Cabinet

Nov. 26, 2012

- President’s Cabinet members were very impressed with the recent visit to HCLC for the culinary event in November.
- Dr. Dennis Brown will begin attending the Staff Assembly meetings.
- The cabinet discussed and made some changes to the template that will be utilized by Lee College for the master plan.
- Dr. Brown asked the assemblies to submit feedback to the reclassification process by Dec 7. Once the information is received, he is willing to meet with the assemblies to discuss concerns. Delma Garcia submitted the questions/comments she was given by some Administrative Assembly members.
- The cabinet was given a copy of the 2012-2016 Lee College Strategic Directions document. Once Delma knows if this is a final copy, she will distribute to Administrative Assembly members.
