About the Presenter
Dr. Pam Schiller is a curriculum specialist and freelance author and speaker. Dr. Schiller has worked as a childcare administrator and has also taught in the public schools. She served as Head of the Early Childhood Department at the University of Houston, where she also directed the Lab School. Dr. Schiller shares her extensive knowledge in workshops, radio and television interviews, and as a popular keynote speaker and author. She is the author of six curriculums, including the widely used Frog Street Pre-K Program, 24 children’s books, more than 30 teacher and parent resource books, and a number of other creative projects such as activity books, DVDs and CDs. Her newest project is a comprehensive Infant and Toddler program she is writing for Frog Street Press.

Dr. Schiller will discuss how a child’s success in school is dependent not only on the knowledge a child learns, but also on the child’s self-confidence, curiosity, ability to control impulses, and communicate effectively. This seminar will focus on techniques and activities that will help development the social and emotional skills of a young child so that learning can fully take place.
for the Young Mind
A 6-hour seminar for those working with young children.

8 am – 4 pm • Saturday, February 22, 2014
Lee College Performing Arts Center
