Looking for an adventure this summer?

If so, register your child(ren) for our fun camps, workshops, and courses! Lee College’s Kids at College program is designed for children and teens between the ages of 5 to 17, so there is something for everyone. Join us this summer as kids will explore careers, create take home custom crafts, and exercise their brain with our braintraining courses. REGISTER NOW to see all the fun we have in store.
