Select the term (semester) you want to enroll into a payment plan. You will be given the options that are currently available.

Once you select the payment plan you want to enter, you will be taken to the next page. You will be able to see all of the plan details before you enter into an agreement.

All payment plans are based off the TOTAL of your tuition and fees. If you received a scholarship and financial aid AND they are POSTED to your financial account, they will be applied as payments. Please look to the right of your screen to view detailed information on payment amount and dates. Payment plans are automatic. The payment date will always be the 5th of the month. We cannot change the date.

Please follow all the prompts to complete the payment plan process.

Electronic Check - Payments can be made from a personal checking or savings account.

Debit and Credit Card - We accept the following credit and debit cards.

How to Update a Payment Method on TouchNet

Enter your information as requested. You will give a nickname to this card/account to help you identify what method of payment it is. Once this method has been added, please go back to the main home page and detail into your current payment plan. Please select "update all methods" and choose the new payment method. This new method will be applied to the next installment. If you have missed an installment, please select "make next installment." (The system will cease trying to take a payment after multiple attempts have failed.) Follow prompts and make sure that payment processes.

Once you have a new method linked to your current payment plan, then you may go back to your payment profile and delete the old payment method. You must have a card/account linked to the current payment plan before one can delete a payment method.
