# MEMORANDUM 

To: Dennis Brown
From: Ben Ferrell
Date: July 16, 2018
Subject: June 2018 Financial Report

The monthly financial report indicates that the college continues to meet its current financial obligations, with projections for the remainder of the fiscal year continuing to show an improving cash position. Net revenues over expenses are projecting to be $\$ 1.68$ million at fiscal year-end, which is slightly below ($\$ 80,000$ ) last month's projection of $\$ 1.76$ million. The reduction is primarily due to lower enrollment in the first and second summer terms. Operating expenses for the year continue to be slightly below $3 \%$ under the 2018 budget, which is a reasonable target for a balanced budget. This variance to the budget is over and above the Board set asides for cash reserve and funds set aside for servicing a future revenue bond.

## Projections for the Remainder of FY 2018

The projections used for the remainder of FY 2018 have been adjusted based on actual revenue and expenses. Credit enrollment for the first summer term is down approximately $11 \%$ from last year, and Summer II is down about 5\%, not including dual-credit and the Huntsville program. Other area colleges have also experienced similar decreases in enrollments. The projections were adjusted accordingly.

## Revenues

June revenues were $\$ 1.58$ million with a little over half of that figure from state appropriations. The balance of the revenues were from district taxes, dual-credit revenues, and Summer II enrollments.

## Expenses

The expense reduction efforts made by the college this year continue to improve the college’s financial situation and cash balances. Overall, expenses for this fiscal year are currently projecting to come in below the budgeted amounts by approximately $\$ 1.5$ million.

## Cash Position

The college's cash position continues to improve with a current balance of $\$ 14,321,168$ at the beginning of July. We will receive another $\$ 2.1$ million in revenues (almost all state appropriations) by August 31, 2018, not counting cash from fall tuition and fees. Therefore, over the last two months of this fiscal year, the college should have approximately $\$ 16.4$ million in cash to pay projected expenses of $\$ 12.2$ million through August, leaving a beginning cash balance of around $\$ 4.2$ million to begin FY 2019. This beginning cash balance plus fall revenues should be ample to get the college through the fall until district taxes begin to arrive in December and January. I have updated the page in the financial statements to show the current cash projections for the remainder of FY 2018, and a very conservative estimate for all of FY 2019 based on the assumptions shown on the cash projection page.

Please let me know if you would like additional information.
