 - i. Replace Course: Electrical, Instrumentation, & Analytical II Certificate (1270)
ACGM mandated changes.
Steward Edwards made motion; Charlotte Mueller seconded.
Motion passes unanimously.
 - ii. Francisca Castillo
 - i. Misc.: Add SPAN 2315 to the Lee College Core (1271)
(This should be SPAN 2312 not SPAN 2315, typographic error)
Stewart Edwards motioned to approve; Charlotte Mueller seconded.
There are some Core submissions that are outstanding. They were passed by CAAC but Dr. Tran put them on hold. There is an extensive process that has to be followed for the coordinating board. Dr. Tran is working on a packet to give to the Division Chairs

and faculty so it is clear as to what needs to be included in the documentation attachments.

Motion passes unanimously.

iii. Reminder for Divisions regarding 2018/2019 Representatives to CAAC

- i. Please make certain that your respective divisions submit the name of your representative for the 2018/2019 CAAC by the end of Professional Development Week.

It is vital that all divisions have representation, especially if there is an item on the agenda for that department. Counseling needs to have a representative present to help fill in any changes or modifications.

5. Open Forum

a. Joe Ganakos

Reporting structure –

We have gotten better on making sure that basic things like syllabi and such are included.

We are still struggling with getting Minutes of Meetings acting as a supplement so that they can be archived along with everything else so that they can show Division approval.

Effective in our September 2018 meeting, it will be asked that all Divisions provide either the Division Vote and/or anything they are getting from their advisory groups from the community for technical disciplines.

In order for items to be considered there will need to be an attachment demonstrating the Minutes from whatever meeting, whether it is an email vote or an actual meeting, demonstrating an affirmative vote from each Division.

Next meeting September 18, 2018.

Note: () indicates the number of the item in the Curriculum Maintenance System.
