Changes to the certificate; most are sequencing, however (1406) the credit hours are being reduced and (1407) is a new course. These are scheduling issues.
Call for a motion to change the Certificate for Coding's sequence: Paul Arrigo made motion; Howard Bushart seconded.
In the discussion Scott Bennett made note that some of the adjustments (1399) BCIS 1305 2 Lecture 4 Lab the contact hours are incorrect on the sequencing.

Dr. Tran suggested to call the certificate Advanced Medical Coding. Need to put in a request for this.
Based strictly on the sequencing issues; motion is called.

(1407) is a new course being added. It was Tabled in October, request (1392). Master Syllabus is uploaded under (1392)

Grouping (1409 – 1414)
Reducing credit hours to meet the 60 hrs.
Scott has questions on the contact hours on 1412; 1413 and 1414.

(1412) we have 2 Lec 2 Lab which would be 64 contact hours but there is 32 listed.

(1413) we have 2 Lec hours which would be 32 but the allowable range is 48 – 80. So that would need to be 3 Lec hours.

(1414) we have 1 Lec 2 Lab which would be 48 contact hours but we have 60.

Have a formula added to the system which will automatically calculate the contact hours.

(1413) will be adjusted to 2 Lec 1 Lab which will be 48 contact hours.
