

IT'S NEVER TOO EARLY TO START THINKING ABOUT COLLEGE!

We want to help you prepare for high school and college. Below are five steps you can take to jumpstart your planning as a sixth- or seventh-grader.

GETTING READY IN THE 6TH & 7TH GRADE

1. GOOD STUDY HABITS START NOW

This will help you be more successful as you navigate through school and will significantly benefit you in college.

2. GETTING INVOLVED

In extra-curricular activities- such as band, choir, athletics, and school clubs will help you learn the importance of teamwork and self-discipline, which will significantly benefit you in college.

3. CHALLENGE YOURSELF

Choose challenging courses that will prepare you not only for advanced courses in high school but can help you succeed with college-level courses.

4. TALK "COLLEGE"

Find out where family members and teachers attended college and what it took for them to get where they are now. This will keep you inspired and motivated.

5. TAKE LEADERSHIP ROLES

Becoming a leader at school, church, or community teaches leadership skills that will open more opportunities in high school and college and your future career.

Find your PATHWAY to success!

Committed to student success, Lee College's academic programs are structured to provide a clear pathway to help ensure success in the classroom and beyond.
