

# Personal Safety

Once an emergency takes place, the time to prepare is done, and it is time to respond and cope with the aftermath.

Take time to examine what you can do to prepare by visiting [www.ready.gov](http://www.ready.gov) and [www.redcross.org](http://www.redcross.org).

Make sure that you have done the following:

- Sign up for [Lee Emergency Alerts](#)
- Program the Lee College Security number (281.425.6888) into your cell phone.
- Know more than one way to get out of the building where you work.
- Know the location of the fire alarm pull stations, fire extinguishers and AEDs.
- Know where to shelter in case of severe weather.

Sign up for Lee Text Alerts at [www.lee.edu/alerts](http://www.lee.edu/alerts).
