

Post a Job Opening

We can provide assistance with locating quality help by connecting you with students and alumni seeking summer, seasonal, part-time, full-time, and internship opportunities. Jobs are posted on our Job Board in Moler Hall, as well as on our online job database, [Handshake](#). All postings are free for employers.

Internships ... Building Blocks to a Successful Program

Internships are a wonderful win-win solution for Employers and Students that is growing in popularity. Employers who hire for these positions gain both high quality temporary help and a pipeline of less "green" new candidates. Students work in career-related positions which give them the experience and career direction they need to be successful. Everybody wins!

What is an Internship?

An internship is a structured and supervised career-related, credit bearing experience that promotes the integration of classroom theory and practice in the workplace. These are temporary positions that provide training for a future career. Internships in the fall and spring are part-time and can be anywhere from 8-40 hours per week. Ten to 15 hours is typical. Summer Internships are longer and full time. Internships can be paid or unpaid however; paid internships are the most attractive option for students. If you are unable to provide a salary, consider helping the student with internship-related expenses and/or scholarships.
